

BUSINESS MEN TO ENTER PAVING FIELD WITH DEMAND

Commercial Club Decides to Attend Meeting in a Body and Urge Strongly Immediate Paving Downtown.

SAN FRANCISCO BOOSTERS ARE COMING HERE

At the meeting of the Commercial club last night action was taken which will in all probability cause the early paving of the city. The Commercial club was responsible for getting some work done on the Fourth street road and also get the county survey started, purely through its own efforts and through bringing pressure to bear upon the county commissioners. Pressure will now be brought to bear upon the city council to pave.

The directors and president of the club were instructed to attend the meeting of the council Friday night, and make known in no uncertain terms the desire of the business men represented in the club for immediate paving. All members of the club are asked to attend and lend their moral backing to the addresses which will be made by the directors.

The Codrus national highway bill was endorsed, as was also the Panama-Pacific exposition, and the plan for the union meeting of railroad men here next May, now being initiated by A. C. Culver and Highland Lodge of the Brotherhood of Elcomen, was taken under consideration, and a committee appointed to determine the possibility of raising needed funds.

An invitation was issued to the Commercial club of San Francisco to visit Albuquerque on one of the trips like the one just concluded in Arizona, which has been productive of much good.

The meeting opened with the presentation by President Simon Stern and Secretary T. J. Naylor of the Codrus road bill for the consideration and endorsement of the club. This bill was read. It set forth at length the great good to be done by national highways as compared to the amount expended upon them, the sums spent for roads in foreign possessions, compared to the small amount expended in the United States, the clauses of the constitution under which the government had the power to build roads and other grounds for buildings the roads, including the number of unemployed men who would be given work, the social and economic benefits to be derived from roads and the comparatively small cost of building a series of good roads throughout the country. The bill contemplates the construction of seven national highways, all centering at Washington and two going to California. One of the latter, the Grand National highway, would pass through Albuquerque. The Commercial club decided that a committee be appointed to draft and present to the senate committee on post-offices and post roads, in whose hands the bill now is, a set of resolutions endorsing heartily the bill, and especially that portion of it named in regard to the Grand highway. The chair appointed A. B. McMillen, E. R. Crispy and A. L. Martin on this committee.

A communication from Frank W. Chaney was read, asking the club to endorse the efforts of the American Embassy association to have suitable residences abroad bought or erected for our foreign representatives. The president and secretary were instructed to inform the association of the endorsement of the movement.

San Francisco Boosters Coming.
The question of the Panama-Pacific exposition endorsement was then taken up. After a resolution proposed for adoption had been read, President Stern called upon James H. Duffy, Santa Fe general agent at San Francisco, and a booster for the exposition, to address the club. Mr. Duffy set out the advantages which such an exposition would have for the entire west as an advertisement and as a factor to bring money into the section, as well as to attract foreign settlers and investors, and spoke of the trip just completed in Arizona, when the "Flying Squadron" of the San Francisco Commercial club advertised the exposition through many hundred square miles, and secured the adoption of resolutions by Arizona commercial bodies looking toward the erection of an Arizona building at the exposition, and urging the legislature

to appropriate \$250,000 for that purpose.

Mr. Duffy showed how great the advantages were to the states which had representation on the grounds, and suggested that the visit of the San Francisco men might be repeated with Albuquerque as the objective point, and with results equally beneficial.

Frank McKee moved that the Commercial club of Albuquerque invite the San Francisco Commercial club to come to Albuquerque on a visit to boost the Panama-Pacific exposition, sometime in January. This was enthusiastically carried.

The boosters will probably stay two days on their visit. No expense will be occasioned the local people because of the trip in any way.

Educational Association in 1912.
President Stern then brought up the matter of securing the next meeting of the Educational association, which is now in session in Santa Fe, for Albuquerque. He gave assurance that John Miller, superintendent of schools would work for Albuquerque at the session, but suggested that a committee of Commercial club members might accomplish more.

A. B. McMillen said that in order to secure the meeting for Albuquerque it was necessary for the club to show an interest. This was borne out by M. E. Hickey, who told of careless treatment of the members at a former session, held here, when the school board charged them for the use of the school buildings.

It was decided that a committee of three be named to go to Santa Fe and invite the teachers to come to Albuquerque in 1912, and to assure them of the good faith of Albuquerque in making the invitation.

A. C. Culver then took the floor and detailed the plan endorsed by the Commercial club last fall, of having a union meeting of railroad men in this city in May. It appeared from Mr. Culver's statements that a union meeting of the size contemplated would be far too large a matter for the local forces to finance alone, and he accordingly asked that the Commercial club could do about it to help Highland lodge. The president suggested that as the amount wanted to finance the thing was only \$2,000 or a little less, and the project itself was of a size comparable to the annual fair, as regarded the money to be spent, he thought a committee might be appointed to see what could be done in the financial line. This met with the approval of the club, and a motion providing for the committee was passed.

Mr. Stern then spoke of the crying need of Albuquerque for decent streets, and suggested that the Commercial club take a hand in getting them. W. P. Metcalf called the delay in selecting a paving material and having it laid was a shame and a scandal, and spoke strongly for the paving of the business district at once.

Frank McKee moved that the president and directors of the club be instructed to attend the paving meeting Friday night and urge the immediate adoption of some type of paving. This was carried, with the addition that all members of the club were to be asked to attend as well as the directors.

Mr. Metcalf then asked what had become of the county survey. He was informed by President Stern that Mr. Zimmerman had completed about half of it, and that he was under a competent bond of \$14,000 to complete the balance. There was some difference of opinion as to the legal ability of the county commissioners to pay for the survey, on account of recent developments in the deficiency fund status, but the meeting adjourned without discussing the matter at any length.

SIEGE OF MOSCOW AT ORPHEUM

The French armies are marching against Moscow tonight at the Orpheum theater. Two thousand people in the east of the production, taken in the midst of some old legends, showing the thrilling scenes of Napoleon's campaign and a noble sacrifice by the hero, Grenadier Roland. GIRL IS MISSING, FATHER ALARMED

Margaret Greb, 22 Years Old, Goes for a Walk Last Night and Has Not Returned; the Police Are Called In.

Last evening, while it was yet light, Margaret Greb went out for a walk. Since then no word of her whereabouts has been had, and her father, John Greb, a carpenter of this city, is considerably alarmed.

Miss Greb was in the habit of taking walks late in the afternoon, and nothing was thought until it began to grow late and she was still out. Today, the police were notified. The girl has not been found, though search parties have been out all afternoon. Miss Greb was 22 years old, a blond and slender. She lives with her father and a brother at 229 North Water. When she left the house she wore a grey dress and cloth shoes.

NEW STORE OPENED ON CENTRAL AVE.

The latest addition to the Albuquerque business community is a branch house of the National Woolen Mills company, which is being opened at 118 West Central avenue, next door to the Fashion Cafe. This company operates a chain of more than 100 stores, located in the best towns in the middle west. It does a general tailoring business, making a specialty of made-to-measure suits and overcoats at \$15.

The Albuquerque house, which will be ready for business not later than Friday, is to be in charge of T. G. Winfrey, who is considered one of the company's most successful branch managers and who was formerly in charge of the house at Cripple Creek, Colo.

MEDLER ELECTED JUDGE OF THIRD DISTRICT

Official Returns Gave Former Albuquerque Resident a Majority of Forty-Four Votes in Four Counties.

The official returns from the third judicial district show that Edward L. Medler, a former Albuquerque resident who now makes his home in Las Cruces, has been elected judge of that district court by a majority of 44. Mr. Medler received majorities over his opponent, John Y. Hewitt, in the counties of Dona Ana and Torrance, amounting to 242. Mr. Hewitt received majorities in the counties of Lincoln and Otero, amounting to 238. This gives Mr. Medler a majority of the four counties in the district of 44 votes.

COURT NOTES

The trial of Julian Howard, charged with passing a foreign check, is on in the district court today. Howard is alleged to have victimized the Hico cafe.

Marriage licenses were issued today to Josefa Valle of Los Lunas and Benedito Aragon of Albuquerque; and to Cora B. Squires and Edgar W. Young of Albuquerque.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Grey Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays, we don't have to resort to the old-time, dressing up heads of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today and notice the difference after a few days' use.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by all druggists.

Visitor—Great Scott, man! What's broke loose here? Seems as if I've seen nothing but kids playing ball on the streets, even in the stores, on the coast, everywhere!

Native—You're the cause of it. Somebody started the report that you was a Big League scout looking for promising material.—Puck

PERSONALS.

Tony Morelli, the popular Santa Fe baggage agent, has returned from a vacation trip to Chicago.

There will be a Raymond-Whitcomb special train of east-bound cars for the coast, through here Friday. There are six cars in the train.

E. W. Dobson left this morning for Santa Fe on business.

The shed erected to shelter the machinery used in building the Federal building is being torn down, after standing nearly two years. This structure was back of the building and added nothing to the general beauty of the landscape.

The telephone dispatching line over the Rio Grande division of the Santa Fe railroad is being pushed to its completion, and will be in operation soon. The wires are already strung as far north as Helen, and the instruments have been installed in the local office. A thorough test will be made before the line is put in use.

Considerable interest was occasioned this morning by an itinerant musician who played for some time at the corner of Second street and Gold avenue. The man had but one arm, yet he managed to perform on the mouth-organ, harp, a set of bells, snare drum and bass drum, with cymbal attachment. An ingenious electrical contrivance was part of his apparatus for ringing the bells and beating the snare drum.

Mr. Carl Hopping leaves this evening for Point Richmond, California, to attend the bedside of his daughter, Mrs. Roy Benedict, a former Albuquerque girl, who is seriously ill. Mrs. Hopping has already been in California several weeks.

The Annual Praline service of the Woman's Home and Foreign Missionary society of the First Presbyterian church will be held in the church parlors Thursday afternoon, November 16, beginning promptly at 2:30. All ladies of the congregation are invited. H. Frank of Santa Fe, a brother of Blake Franklin of the district law offices of the forest service, is in the city for a brief visit.

The officials of the forest service who are in El Paso attending the supervisors' meeting, will return here Monday. A few of them will come tomorrow, but the main body will await the completion of the meeting on Thursday night before starting home.

Four auto parties arrived in the city yesterday and left this morning on tours westward. They included a Peerless car from Cedar Rapids, Ia., driven by J. B. Ford; a Cadillac "50" driven by R. M. LaSalle, of Providence, R. I.; a "Chrysler" "28" from Rockford, Ill., driven by Frank Nelson, and a second Peerless "28" driven by A. H. Minnam of Denver.

Frank Greer and a party of two, arrived from Iowa City, Ia., today in a Reo car which they are driving across the country.

O. A. Moore returned yesterday from a trip to Illinois, where he took the remains of his wife for burial. Mr. Moore is a popular motorist of the local traction company.

The Markets

PRICES STIMULATED BY LONDON RISE

Reactionary Character of Market Resumed After Yesterday's Temporary Rally, Whole List Shades.

(By Evening Herald A. P. Leased Wire)
New York, Nov. 15.—The reactionary character of the market, which was overcome temporarily by the rally yesterday, again asserted itself today. Prices were stimulated at the opening by the previous rise in the London market, but the advantage was soon lost, owing largely to continued realising.

Disappointment over the failure to declare an extra dividend on Lehigh Valley, which had been expected in some quarters, caused first selling of the stock in the second hour and it sagged to 17 5/8. It had sold at 18 1/2 earlier and closed yesterday at 17 3/4. Reading and all of the other active issues were influenced by the decline in this stock with quite a large proportion of the list falling slightly below yesterday's closing.

Later on there were feeble rallies in conjunction with a rise in interior, but the whole list shaded again, later, to considerably lower figures. Bonds were firm with the American Tobacco company and some lower priced stocks in demand.

Severe frosts were made in prices after midday. With the absorptive power of the market much reduced by the recent driving in of the short interest, large operators find it increasingly difficult to mark their stocks when they attempt to make a turn. Losses of about a point were registered in many representative stocks, Reading.

Reading, Union Pacific, St. Paul, Great Northern preferred, Missouri Pacific, United States steel, American Smelting and Refining, copper, Lehigh Valley were down three points and Canadian 2 1/2. On the curb American Tobacco jumped 15 points to 24. The decline stopped, when professionals ceased selling but no appreciable recoveries were recorded. The close was steady.

Grain and Provisions.

Chicago, Nov. 15.—In view of statements showing the export surplus in the United States to be 33,000,000 bushels less than at the corresponding time a year ago the wheat market today gave evidence of decided strength. The opening was 1-8 to 5-8 to 3-4 higher. May started at 108 1/4 to 108 1/2, a gain of 3-8 to 1-2 to 3-8 but later reacted to 98 7/8.

The close was easy with May at 97 3/8 to 1.00, a gain of 1-8 net. Meats and continued small receipts made corn firm. May opened 1-4 to 1-4 1/2 at 55 1/2 to 1-4 to 1-4 1/2 and afterward slipped back to 54 1/2 to 5-8. Realizing sales ended on December started a sixth to 1-4 to 1-4 1/2 higher at 50 1/4 to 3-4 and then receded to 49 3/8. The close was weak at 44 1/2 to 45, a net loss of 1-2.

Provisions advanced all around on disappointing receipts of hogs today and a disappointing count of yesterday's arrivals.

Initial sales were 2 1/2 to 3 to 100 higher with May \$10.67 1/2 for pork, \$3.60 for ribs.

I commenced at once and was surprised how it relieved me.

"I am happy to say that I am a well man today. I take pleasure in recommending your great remedy to all who are afflicted with catarrh."

Chronic Nasal Catarrh.
Mr. Charles H. Stevens, 132 Sixteenth St., Detroit, Michigan, writes: "It affords me great pleasure to testify to the merits of Peruna as a remedy for catarrh."

"I suffered for some time with chronic catarrh, but after five months' treatment, during which time I used seven bottles of Peruna, I am pleased to say that I am entirely well, there not being the slightest trace of catarrh left."

"Peruna is without a doubt (in my mind) the greatest remedy known for catarrh."

Catarrh for Four Years.
Mr. J. G. Stoffe, R. R. 2, Sherman, South Dakota, writes: "For four years I had been a continual sufferer from that dreadful disease, chronic catarrh. I tried all kinds of so-called catarrh remedies and found no relief."

"I was advised by a friend to write you about my case, which I did, and you kindly advised me to use a course of Peruna and Lacopia, which I commenced at once and was surprised how it relieved me."

WEEK-END SALE OF WINTER HATS

FOUND AND CASHED BROTHER'S CHECK

Now Sylvester Chavez Is Languishing in City Jail, Though He Only Got About \$100 of Money.

Sylvester Chavez today cashed a check which he had no right to cash. Now he is in jail and his brother, whose check it was, says he will prosecute unless the money is refunded.

The check was for \$275, and was issued to Miguel Chavez. Miguel lost it or it was stolen from him, he does not know which, last night in Barcelona. Today Sylvester cashed the check at Mandell, Myer and Co.'s and left nearly \$200 of the money with the firm.

With the rest he bought a suit of clothes and asked \$50 in cash. The check was presented to the Bank of Commerce before the company would cash it and was pronounced by them to be all right. Sylvester did not endorse it in the presence of the company representative, and it is not certain whether he actually did the endorsing or his brother endorsed it before it left his possession.

The company will not prosecute if Sylvester returns the money and clothes he received to his brother, and they are paid for the clothes, and Miguel Chavez will not prosecute his brother if he returns the money, but from 1:50 until late in the afternoon Chavez sat in the office of the chief of police and denied that he had either the clothes or the money. He admitted late in the afternoon that he had cashed the check, but said he did not know where the money was and that he had sold the clothes, he did not know to whom.

Antonio Gallegos, a friend of Sylvester Chavez, saw him cash the check, and told the police as much. What will become of the case is doubtful. No formal complaint has been made as yet, but Miguel Chavez says he will certainly prosecute his brother unless he gets his money back.

Robbers Bound Over.

Laurence Romero and Juan Chavez were yesterday bound over to the grand jury in the sum of \$200 each for robbing the Smokhouse pool hall and tobacco shop on Gold avenue. They admitted the theft of about \$10 in small change from the place night before last.
